

METCALFE K1

BATTER & LIQUID MIXER

One of the finest batter mixers available, the K1 not only offers consistent quality, but its fast mixing action can produce perfectly smooth batter in under sixty seconds. The reason is that the K1 has been designed specifically with batter mixing in mind - it operates at one fixed speed, just the right speed for whisking, and is fitted with an efficient beater that ensures a perfect mix every time. The same excellence of mix can be obtained with dried milk, custards, gravies and sauces.

Simple to Use

Just switch on and add dry ingredients to the vortex around the beater. One minute later you have a perfectly smooth, even mix.

Low Maintenance

Simplicity of construction means there is little to go wrong and minimal maintenance requirements.

Hygienic

The body is in a paint-free durable plastic and the bucket is in stainless steel - hygienic and easy to clean.

Standard Equipment

Tubular stand, stainless steel bucket and beater.

SPECIFICATIONS

CAPACITY:	2 gallon bucket (9 litres)
OUTPUT:	12 pint mix in one minute (6 ³ / ₄ litres)
MOTOR:	1/10 hp
ELECTRICS:	240V/50Hz/1ph/0.6 A flc
DIMENSIONS:	21" x 12 ¹ / ₂ " x 21 ¹ / ₄ "
(h x w x d)	(53 x 32 x 55cm)
WEIGHT:	30lbs (14kg)
