

MODEL:

BaSix BSX-400-WDS

BASIX

Drinks Station - wall mounted, complete with BSX-400 stainless steel basin, bottle filler & bubbler tap

Basin range: Drinks Station

Controls: Soft-touch

Connect: Connections: 3/8-inch BSP external thread and 1/4-inch BSP internal thread

Accredita: WRAS

FEATURES & BENEFITS

- WRAS approved
- Enables businesses to join the national drinking water scheme by offering easily accessible drinking water for staff, customers and the public
- Stylish, curved design. Ideal for public and staff areas, kitchens, changing/wash rooms
- Soft-touch press buttons with built in auto shut-off valve require no user effort
- Tall swan neck bottle filler and deep bowl accommodates large water bottles
- Depth of bowl reduces splashback and protects the floor from hazardous spills
- Overall design function encourages reuse and recycling of drinks containers, helping to protect the environment
- Chrome-plated water bubbler and water bottle filler are robust, corrosion resistant and easy to clean
- Adjustable flow screws allow the flow rates to be quickly and easily modified (using an Allen key)
- EPDM rubber o-rings
- Double filter, to ensure users a thick and uniform water flow, to increase hygienic use and convenience
- Supplied with x2 flexible connection hose - 10mm bore, 150mm length, 3/8-inch F x 15mm compression fittings
- Taps can be purchased separately
- Mounting bracket with integral spirit level supplied for fast and easy installation
- Easy to clean - integral flush grated waste
- Bowl and deck are permanently bonded to the skirt, removing the need for exposed bolts and rivets
- Optional high density polyethylene waste bin available
